USGS QUAD MAP BLACKTAIL DEER CREEK (1986)
NGS PID PY1051

LATITUDE 44.95787356
LONGITUDE -110.5666852
ELEVATION 2100 m

DATE OF DESCRIPTION 2002

DESCRIPTION Proceed 8.3 mi east along the Mammoth-Tower highway from the post office in Mammoth Hot Springs to the junction with gravelled road to the south. Follow the gravel road to the south to a large pullout on the southeast side of the gravel road. An old unpaved road extends from this location to the southwest, along the northwest side of a shallow, but broad, draw towards a large boulder and lone tree. Bench mark is 500 ft south of the junction, 350 ft southeast of the highway, 200 ft northeast of the large 11-ft by 11-ft by 9-ft boulder next to the small tree in the draw, 35 feet southeast of the old highway, in the same small draw as the large boulder, about halfway between the pullout on the gravelled road and the large boulder with small tree, and in the top of an 8-ft by 8-ft by 2-ft boulder.

Looking southwest from service road pullout down draw towards bench mark.

Looking southeast at bench mark (beneath orange hat) from old road.

Looking northeast up draw towards service road pullout and bench mark (beneath orange hat).

Close up of bench mark.
